

Stay safe on the Internet

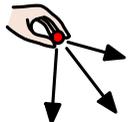

1. Tell a parent or adult if you are using the Internet.

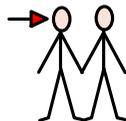

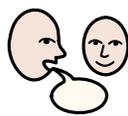

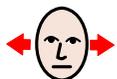

2. Don't tell anyone your password.

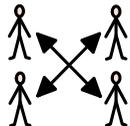

3. Beware of strangers you may meet online.

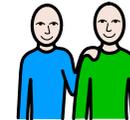

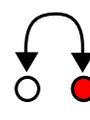

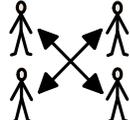

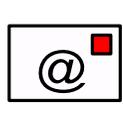

4. Do not give out personal information.

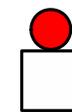

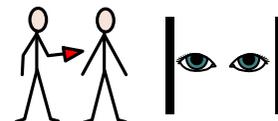

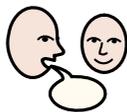

5. People may not be who they say they are.

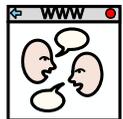

Don't tell anyone your address or phone number.

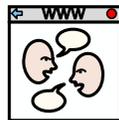

Do not send anyone a photo of you, your family or your friends.

Tell an adult straight away if you see something that worries you on the computer.

Do not chat to strangers on the internet.

Do not arrange to meet people you meet on the internet.
