

Fox Wood School's

Sensory Challenge Scavenger Hunt

See if you can find all the things on the scavenger hunt below at home! Send us some photos of you finding some of the items/activities! Tick them off as you go. Have fun!

(Please note that this activity will not be suitable for all children/families/homes - parents and carers are asked to have a look through all items on the hunt and then only use the selected activities that are safe for them to engage with. We advise that all children are supervised whilst carrying out the activities to ensure their safety. All activities are carried out at your own risk.)

Something That
Smells Nice

Something to
bounce on

Something to
climb on

Something to
chew

Something that
feels nice

Something that
tastes nice

Find something
that tickles you

Something I like
looking at

Something I like
to hug

Find a noise
that makes
you giggle

Somewhere to
hide under

Music I like
to listen to
